### **Highland to Build New Office location for J&J Worldwide Services in Redstone Gateway**

**January 18, 2023 (Huntsville, AL)** — The Highland Group, a real estate development and commercial construction firm, has begun construction on a new office location for U.S. governmental contractor, J&J Worldwide Services. The base operation and support service company's newest office facility will be built in Huntsville Alabama's Redstone Gateway development, a leasing development that currently houses a variety of innovative tech, contract, and R&D companies with Class-A office spaces and accommodations.

"This is another development inside Redstone Gateway that we're extremely proud to support," said Highland's VP of North Alabama, Michael Barnes. "J&J Worldwide solutions offers a huge variety of critical contract solutions for U.S. Governmental entities across the globe and it's a privilege to help them find a new home in Huntsville."

Highland's Huntsville team is excited to continue this new relationship with J&J going forward. Construction on the new 5,000-square-foot, secondary Huntsville office location for J&J Worldwide Services is expected to be completed in early 2023. Highland is currently at work on a variety of projects throughout Redstone Gateway and will continue to build for clients looking to relocate to the gateway in the future. If you're interested in working with The Highland Group to help relocate your business, or even get started building one from the ground up, get in touch with their team today to [schedule a consultation](#).

### **[J&J Worldwide Services:](#)**

J&J Worldwide Services (J&J) was founded in 1970 as a Small Disadvantaged Business (SDB) enterprise when two business competitors, Johnny Voudouris and James Lee, joined forces to launch a company focused on providing quality, cost-effective custodial services for the U.S. Government customer. Since its founding, J&J's portfolio of services has grown exponentially with the company offering [engineering solutions](#), [healthcare & medical solutions](#), and [mission support solutions](#) to U.S. governmental entities around the globe. J&J's diversified services support the Government military customer across departments and major commands including the U.S. Air Force, Army, Coast Guard, Marine Corps, Navy, Department of Defense, Defense Health Agency, U.S. Army Medical Command, United States Corps of Engineers, Defense Commissary Agency, Naval Facilities Engineering Command, and the Bureau of Medicine and Surgery.

J&J provides Base Operations Support (BOS) at military installations throughout the U.S. and overseas, including Comalapa Air Base – El Salvador; U.S. Military Forces and Federal Government agencies – Republic of the Philippines; Tyndall Air Force Base – FL; Naval Air Weapons Station (NAWS) China Lake – CA; and Naval Air Station Whiting Field – FL. J&J Worldwide Services also provides routine and on-demand mission-critical facility maintenance and repair services to commissary sites, allocated into Maintenance Groups (MGs) that reach across the U.S. as well as Puerto Rico and Guam. In terms of the company's engineering solutions, J&J has serviced some of the most complex medical centers and laboratories in the world. Some examples of these engineering solutions the company offers are its architectural, project management, site surveying, structural, mechanical, plumbing, fire protection, electrical, communications, and civil engineering services. [J&J has enjoyed controlled growth over the past 50+ years](#), earning a place on the Bloomberg Government Annual BGOV200 Federal Industry Leaders report as one of the top Federal contractors.
